Free Air Conditioner

I have a Frigidaire 10,000 BTU's air conditioner. It's a slider casement kind for a window that opens side to side. Could possibly fit in a regular window too. The front is 20" height and 14" wide. Not super cold for a huge room but it does cool a regular room.

STAY INFORMED

I think of the birth chart as a sort of map of the sanskaras we were born with. It doesn't tell the future, rather it shows the talents and potentials we brought over from our previous lives. It also points out the areas we need to work on to attain poise, balance and harmony.

Understanding a birth chart requires a joint effort, a willingness to share your experiences and insights. You can see the kind of work I do [here](#). You can email me at ekaterinaflynn@gmail.com.
