Birth Charts

Jupiter, courtesy NASA

I think of the birth chart as a sort of map of the sanskaras we were born with. It doesn't tell the future, rather it shows the talents and potentials we brought over from our previous lives. It also points out the areas we need to work on to attain poise, balance and harmony.

Understanding a birth chart requires a joint effort, a willingness to share your experiences and insights. You can see the kind of work I do [here](#). You can email me at ekaterinaflynn@gmail.com.
