Looking for a Kind Soul

I usually don't ask anyone for help because people make promises and don't keep them. But now I have to leave the house I've been living in with my cats because the landlord sells it. Is there a kind human being that would want me and my kitties as a tenant? We like it clean, safe and very quiet. Anywhere between the border of North Carolina and up to Charleston would be ok (yes, I would have to leave the Meher Center but for my cats I would do it). I doubt that there is a truly caring soul but if in case there is email

Birth Charts

Jupiter, courtesy NASA

I think of the birth chart as a sort of map of the sanskaras we were born with. It doesn't tell the future, rather it shows the talents and potentials we brought over from our previous lives. It also points out the areas we need to work on to attain poise, balance and harmony.

Understanding a birth chart requires a joint effort, a willingness to share your experiences and insights. You can see the kind of work I do [here](#). You can email me at ekaterinaflynn@gmail.com.
